Dogs Must Be Leashed and Waste Disposed of Properly

Per Section 7.16 of the Community's governing documents, animals are not allowed to roam free at any time. There are several dogs that have been observed running freely through the community. Please be aware that this is also not allowed per Osceola County Ordinances.

Please keep your pets on a leash while walking them through the neighborhood and pick-up and dispose of their waste properly. If you see a pet in the community without a leash or an owner who is not picking up waste, please contact Osceola County Animal Control at 407-742-8000. Thank you for your cooperation and assistance with this matter.

Tree and Stump Removal

The Board would like to remind residents who remove trees from their property that the tree stumps must also be removed.

Noise Ordinance Violations

Please be advised that loud music, especially after midnight, can be disturbing to your neighbors. You do not know if your neighbor is sick or has to wake up early in the morning to go to work. If you have a noise complaint or concern, please contact the Osceola County Sheriff's Department at 407-348-2222. This is not an Association matter and must be handled directly with the Osceola County Sheriff's Department since this is a County ordinance violation.

Garbage Collection Guidelines

Below please find the recycling and garbage collection schedule for the community:

**Recycling and Yard Waste:
Tuesday**

**Garbage and Bulk Items:
Wednesday**

BELOW PLEASE FIND THE GUIDELINES FOR GARBAGE PICK-UP TAKEN FROM THE OSCEOLA COUNTY WEBSITE:

Per County Ordinance, please DO NOT place your garbage curbside

earlier than 6:00 p.m. the night before scheduled pick-up. Please remove promptly after collection. Garbage should be placed within 3 feet of your curb by 6:00 a.m. on your scheduled collection day. This will ensure timely service.

On January 13, 2021 the Board approved new ARC Guidelines for the community. These guidelines were recorded with the County. The guidelines were mailed to each household, and the guidelines are currently posted on the community website at the following link:

If you have any questions or concerns, please feel free to contact the management office.

Therefore, if you would like to submit an Architectural Review application, please do so before the 2nd Wednesday of each month so the Committee may review your request. If your

application is received after this date, the application will be reviewed at the next regularly scheduled meeting the following month.

Monthly Property Inspections

The community management company is tasked by the Board of Directors each month to complete an inspection of all properties within the community. Below is a list of some of the violations that they will be on the look-out for during these inspections:

- 1) Lawns that need maintenance or full replacement (weeds, dead spots, irrigation issues, etc.).
- 2) Houses that may need pressure washing or painting. Please be aware if the paint looks faded over 50% of the visible structure, if the concrete blocks are showing through the paint over 10% of the visible structure, or if there are settling cracks throughout the home that require caulking, then we will ask for the homeowner to re-paint the house.
- 3) Roofs that need pressure washing, repair, or replacement
- 4) Fences in need of cleaning and/or repair.
- 5) Driveways that may need repairs or pressure washing
- 6) Commercial vehicles, recreational vehicles, boats, or trailers in driveways
- 7) Vehicles parked on the grass

The community management company's staff members will inspect each property from the road in a vehicle, and they will take pictures of any violations. They will not go onto your property to complete their inspection. Please be kind to the inspectors when they are completing their monthly inspections. The staff members will always identify themselves when approached if you have questions. **However, please do not approach them in a hostile or negative manner.** They are there to complete a job as directed by the Board of Directors and to help the community. If the inspectors find any problems with the exterior of your home, the management company will send you a letter notifying you of the violation along with a picture from the inspection of your property. If you receive a violation letter, please feel free to contact the management company via email or by phone if you have any questions or if you need more time to correct the area of concern. The management company will work with you to make the needed improvements. Communication is very important so we can work together to maintain and improve our property values. Please be aware that after three violation letters, the Board has the option to send the file to the Association's attorney for further action. Once the file is at the attorney, this may lead to attorney's fees and costs. Therefore, please address any violation concerns as soon as possible in order to avoid legal

action. Thank you for your cooperation in this matter.

You Have Access

The Deed of Restrictions for Pleasant Hill Lakes is available to all homeowners through the Internet. Please sign into:

There you will find documents for the Pleasant Hill Lakes Homeowners' Association. These documents are used by the Board of Directors to govern the Association.

Drainage Swales and Flooding Issues

If the drainage swale in front of your home is not draining properly, or if the swale is full of dirt and/or weeds, please call Osceola County's Road and Bridge Department at 407-742-7500 to report the issue. We have contacted the County already for several drainage problems in the community. The Road and Bridge Department has been working on the problem for the last couple of weeks. If you are experiencing a similar problem with drainage, please feel free to contact the management office for additional information.

House Numbers

Please be aware that the Architectural Review Guidelines, Section 5.11 states that, "House numbers not less than 4" high with contrasting colors be affixed to the residential unit in full view from the street."

There are some homes in the community that do not have house numbers. In the event there is an emergency where first responders must find your home quickly, these numbers may save your life. Thank you for your cooperation with this very important matter.

Architectural Changes (Exterior Modifications)

It has come to our attention that some homeowners are not familiar with the steps of the Architectural Review process. That is quite understandable. We would like to take this opportunity to help anyone in our community better understand this process.

If you are going to make any changes to the front of your property, including landscaping changes, or if you intend to make any structural changes to your property (i.e., room additions, pools, screen enclosures), then you will need to fill out the Architectural Review Committee (ARC) application.

These applications will always be available on your community's website and they are included in the monthly newsletter (please

see the form below). Please follow the instructions on the form and submit all of the required documents for your requested change. When you are submitting an application to the ARC remember to include:

1. Two (2) copies of the property survey that show the location of the proposed changed, alteration, renovation or addition.
2. Two (2) drawings of your plan(s).
3. Two (2) copies of color samples, if applicable.

If information is emailed, then one (1) copy of the information is enough, but it needs to be **legible** or it will be rejected.

Please note that applications submitted by fax or without two (2) copies of the survey, drawing, or color sample will be considered incomplete. If an application is incomplete, it will not be processed and will be returned to you.

If you have any questions, please call us at 407-251-2200, and we will be happy to assist you. Also note that management does NOT approve or deny any of these requests. We collect the applications and then submit them to the community's Architectural Review Committee (ARC). The ARC is a group of volunteer homeowners who review the applications and approve or deny the applications based on your community's written criteria (the architectural guidelines). Per Florida Statutes, this process may take up to 30 days. As soon as the Committee makes a decision, we will mail you the letter of approval or

denial. Please make sure you do not proceed with any improvements until you have heard from the Committee. If you make any improvements without the approval of the Committee, you may need to remove and re-install these improvements. I hope this helps everyone understand the Architectural Review process a little better. If this still leaves you with any questions, please feel free to contact our office.

Septic Tanks

Please be aware that septic tanks may not be emptied in to the drainage swales or drainage ditches of the community. If your septic tank is not working properly, you must contact a septic service company to help with your issues. Anyone seen emptying their tanks in to a drainage structure will be reported to the Osceola County Environmental Protection Services. Finally, if you need to replace your septic tank, please complete an Architectural Review Change application before you proceed with this project. In addition, once you replace your septic tank/drain field area, you will need to add new sod to the area per your architectural guidelines. Please see the application below for your convenience. Thank you for your cooperation with this matter. If you have any questions or concerns, please contact the management office.
