ARC Guidelines

On January 13, 2021 the Board approved new ARC Guidelines for the community. These guidelines have now been recorded with the County. The new ARC guidelines were mailed to each household earlier this year, and the guidelines are currently posted on the community website at the following link:

<http://www.pleasanthilllakes.com/governing-documents.html>.

If you have any questions or concerns, please feel free to contact the management office.

Hurricane Season

Hurricane season began on Tuesday, June 1st and will continue through the end of November. The National Oceanic and Atmospheric Administration is predicting another busy season this year with between 13 to 20 named storms (winds 39 mph or higher) of which 6-10 may become hurricanes (winds 74 mph or higher). Therefore, please take the time now to prepare your home and your family for hurricane season. Please see the pages below for additional information about hurricane preparedness provided by HIG Insurance. The Florida Attorney General also issued a hurricane guide for all Florida residents. Please use the following link to access this information: <http://www.myfloridalegal.com/hurricaneguide>.

We also ask you to take this time to trim your trees and remove all dead branches. Trimming and pruning your trees will help eliminate damage to your property in the event of a hurricane or tropical storm this season.

Architectural Review Committee (ARC)

On December 9, 2020, the Board of Directors appointed three members to the Architectural Review Committee (ARC) to review all Architectural Review applications for the community. The ARC will meet on the 2nd Wednesday of each month at 6:30 PM before each normally scheduled Board of Directors' meeting.

Therefore, if you would like to submit an Architectural Review application, please do so before the 2nd Wednesday of each month so the Committee may review your request. If your application is received after this date, the application will be reviewed at the next regularly scheduled meeting the following month.

Monthly Property Inspections

The community management company is tasked by the Board of Directors each month to complete an inspection of all properties within the community. Below is a list of some of the violations that they will be on the look-out for during these inspections:

- 1) Lawns that need maintenance or full replacement (weeds, dead spots, irrigation issues, etc.).
- 2) Houses that may need pressure washing or painting. Please be aware if the paint looks faded over 50% of the visible structure, if the concrete blocks are showing through the paint over 10% of the visible structure, or if there are settling cracks throughout the home that require caulking, then we will ask for the homeowner to re-paint the house.
- 3) Roofs that need pressure washing, repair, or replacement
- 4) Fences in need of cleaning and/or repair.
- 5) Driveways that may need repairs or pressure washing
- 6) Commercial vehicles, recreational vehicles, boats, or trailers in driveways
- 7) Vehicles parked on the grass

The community management company's staff members will inspect each property from the road in a vehicle, and they will take pictures of any violations. They will not go onto your property to complete their inspection. Please be kind to the inspectors when they are completing their monthly inspections. The staff members will always identify themselves when approached if you have questions. **However, please do not approach them in a hostile or negative manner.** They are

there to complete a job as directed by the Board of Directors and to help the community.

If the inspectors find any problems with the exterior of your home, the management company will send you a letter notifying you of the violation along with a picture from the inspection of your property. If you receive a violation letter, please feel free to contact the management company via email or by phone if you have any questions or if you need more time to correct the area of concern. The management company will work with you to make the needed improvements. Communication is very important so we can work together to maintain and improve our property values. Please be aware that after three violation letters, the Board has the option to send the file to the Association's attorney for further action. Once the file is at the attorney, this may lead to attorney's fees and costs. Therefore, please address any violation concerns as soon as possible in order to avoid legal action. Thank you for your cooperation in this matter.

Tree and Stump Removal

The Board would like to remind residents who remove trees from their property that the tree stumps must also be removed.

Please Park in the Driveway

It has been noticed that many guests and residents have been parking their cars on the roadway or on the grass. This is not allowed per the Governing Documents. Please park all vehicles in your driveway. Thank you.

You Have Access

The Deed of Restrictions for Pleasant Hill Lakes is available to all homeowners through the Internet. Please sign into: www.pleasanthilllakes.com. There you will find documents for the Pleasant Hill Lakes Homeowners' Association. These documents are used by the Board of Directors to govern the Association.

Drainage Swales and Flooding Issues

If the drainage swale in front of your home is not draining properly, or if the swale is full of dirt and/or weeds, please call Osceola County's Road and Bridge Department at 407-742-7500 to report the issue. We have contacted the County already for several drainage problems in the community. The Road and Bridge Department has been working on the problem for the last couple of

weeks. If you are experiencing a similar problem with drainage, please feel free to contact the management office for additional information.

House Numbers

Please be aware that the Architectural Review Guidelines, Section 5.11 states that, "House numbers not less than 4" high with contrasting colors be affixed to the residential unit in full view from the street."

There are some homes in the community that do not have house numbers. In the event there is an emergency where first responders must find your home quickly, these numbers may save your life. Thank you for your cooperation with this very important matter.

Architectural Changes (Exterior Modifications)

It has come to our attention that some homeowners are not familiar with the steps of the Architectural Review process. That is quite understandable. We would like to take this opportunity to help anyone in our community better understand this process.

If you are going to make any changes to the front of your property, including landscaping changes, or if you intend to make any structural changes to your property (i.e., room additions, pools, screen enclosures), then you will need to fill out the Architectural Review Committee (ARC) application.

These applications will always be available on your community's website and they are included in the monthly newsletter (please see the form below). Please follow the instructions on the form and submit all of the required documents for your requested change. When you are submitting an application to the ARC remember to include:

1. Two (2) copies of the property survey that show the location of the proposed changed, alteration, renovation or addition.
2. Two (2) drawings of your plan(s).
3. Two (2) copies of color samples, if applicable.

If information is emailed, then one (1) copy of the information is enough, but it needs to be legible or it will be rejected.

Please note that applications submitted by fax or without two (2) copies of the survey, drawing, or color sample will be considered incomplete. If an application is incomplete, it will not be processed and will be returned to you.

If you have any questions, please call us at 407-251-2200, and we will be happy to assist you. Also note that management does NOT approve or deny any of these requests. We collect the applications and then submit them to the community's Architectural Review Committee (ARC). The ARC is a group of volunteer homeowners who review the applications and

approve or deny the applications based on your community's written criteria (the architectural guidelines). Per Florida Statutes, this process may take up to 30 days.

As soon as the Committee makes a decision, we will mail you the letter of approval or denial. Please make sure you do not proceed with any improvements until you have heard from the Committee. If you make any improvements without the approval of the Committee, you may need to remove and re-install these improvements. I hope this helps everyone understand the Architectural Review process a little better. If this still leaves you with any questions, please feel free to contact our office.

Septic Tanks

Please be aware that septic tanks may not be emptied in to the drainage swales or drainage ditches of the community. If your septic tank is not working properly, you must contact a septic service company to help with your issues. Anyone seen emptying their tanks in to a drainage structure will be reported to the Osceola County Environmental Protection Services. Finally, if you need to replace your septic tank, please complete an Architectural Review Change application before you proceed with this project. In addition, once you replace your septic tank/drain field area, you will need to add new sod to the area per your architectural guidelines. Please see the application below for your convenience. Thank you for your cooperation with this matter. If you have any questions or

concerns, please contact the management office.

Dogs Must Be Leashed

Per Section 7.16 of the Community's governing documents, animals are not allowed to roam free at any time. There are several dogs that have been observed running freely through the community. Please be aware that this is also not allowed per Osceola County Ordinances. Please keep your pets on a leash while walking them through the neighborhood. If you see a pet in the community without a leash, please contact Animal Control at 407-742-8000. Thank you.

- ☐ Discuss whether you'll need to evacuate
- ☐ Determine whether you live in an evacuation zone and, if so, where you will go if an evacuation order is given. Going to a family or friend's house or hotel outside the evacuation area is your best choice. If you choose to go out of town, do so well in advance of the storm. - ☐ Secure your home
- ☐ Decide what actions you will need to take to protect your home and your property (shutters, generator, trim trees), and to keep as comfortable as possible during recovery.
- ☐ Discuss whether anyone in your home is elderly or has special needs and, if so, make arrangements in advance to accommodate those needs.

Hurricane Family Preparedness

- ☐ Determine how you will address your pet's needs and make a plan for your pet in case you have to evacuate. If appropriate, plan for large animals such as horses
- ☐ Gather your supplies
- ☐ Determine your family's food, water and medical needs and assemble your hurricane kit according to those needs (see sidebar for essential items to include)
- ☐ Notify others of your plan
- ☐ Let family or friends know what your hurricane plan is so they can check on you in the aftermath of the storm. Establish an out-of-town contact
- ☐ Plan ahead for the possibility of becoming separated from your family and friends, whether it is a personal emergency or a larger-scale disaster
- ☐ Start by designating a single, out-of-town contact that your family or household members can call, e-mail or text message should a disaster occur. If local phone service is overwhelmed, it may be easier to call outside the area. Your contact should be aware that they are your family's designated contact
- ☐ All of your loved ones should agree to call the out-of-town contact to report their whereabouts and welfare
- ☐ Regular contact with your designated person will help to keep everyone informed. After initial contact and depending on the circumstances, you might set a specific check-in time
- ☐ When telephone lines are busy, e-mails or text messages may go through when calls cannot
- ☐ Create an emergency contact list; include phone numbers and e-mail addresses for your designated out-of-town contact, loved ones, neighbors and other emergency numbers such as police, fire and your physician
- ☐ Make copies of the list for every family member and print a copy to keep by the phone and with your emergency supplies
- ☐ Make sure to secure outside structures and get all outside items and bring everything inside including patio chairs, grills potted plants and balcony items
